POLYLOC ROOFING SYSTEM

POLYLOC

PolyLoc is an easy-to-fit roofing panel that clicks together to create an instant roof. PolyLoc panels are the perfect DIY roofing solution, and installation only requires standard tools. Panels can just be cut to the required length, screwed into place, clicked together and finished with sheet closure.

- **Perfect for DIY**
- **Manufactured from impact-resistant and long-lasting polycarbonate**
- **Added UV protection**
- **Available in 2 colours: Opal and Clear**
- **Panels are 500 mm wide and available in 2 m, 3 m, or 4 m lengths**

SOLID POLYCARBONATE

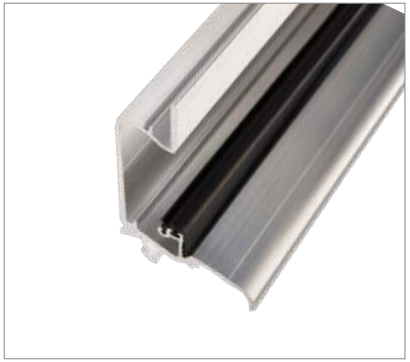

SOLID POLYCARBONATE

STORM solid polycarbonate is a reliable range of flat, extruded polycarbonate sheets with the transparency of glass and the strength of steel.

- **Can be cold bent, fabricated and formed**
- **UV protection on both sides**
- **Cut-to-size service also available**
- **Virtually unbreakable**

CORRUGATED SHEETING

ASB Corrugated Sheeting	40
Economy Bitumen Sheeting	43
Classic Onduline® Sheeting	46

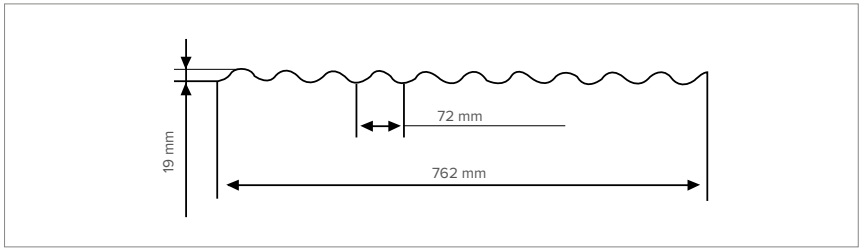

ASB CORRUGATED SHEETING

The STORM range of corrugated sheeting is the ideal solution for commercial, agricultural and DIY projects. For market-leading strength and protection, STORM corrugated sheeting has it covered.

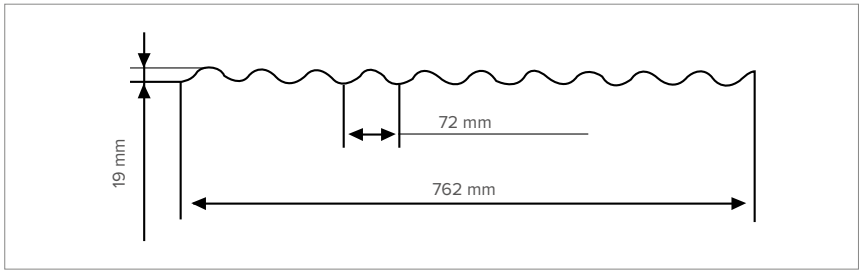

It is advisable when fitting corrugated roof sheets to ensure that they are overlapping by at least one corrugation and to start from the left of a building when installing.

3” Heavy-Duty ASB 1.1 mm Profile

Code	Length (mm)	Colour

TRITON WPC DECKING

TRITON WPC DECKING ACCESSORIES

TRITON WPC DECKING

TRITON WPC decking is a reversible, double-faced decking with a realistic wood grain on one side and a traditional groove pattern on the other. Specialist production techniques have been used to mimic the natural appearance of wood and improve the strength of every board.

Code	Size (mm)	Colour
WPCDF30-BK	148 x 25 x 3000	Black
WPCDF30-BN	148 x 25 x 3000	Brown

DECKORATORS® VOYAGE™ DECKING

DECKORATORS® VOYAGE™ DECKING

Voyage is a mineral-based decking that's 35% lighter than other leading decking brands. This attractive decking has a 34% greater surface traction than market alternatives and many other incredible benefits that can transform exterior spaces.

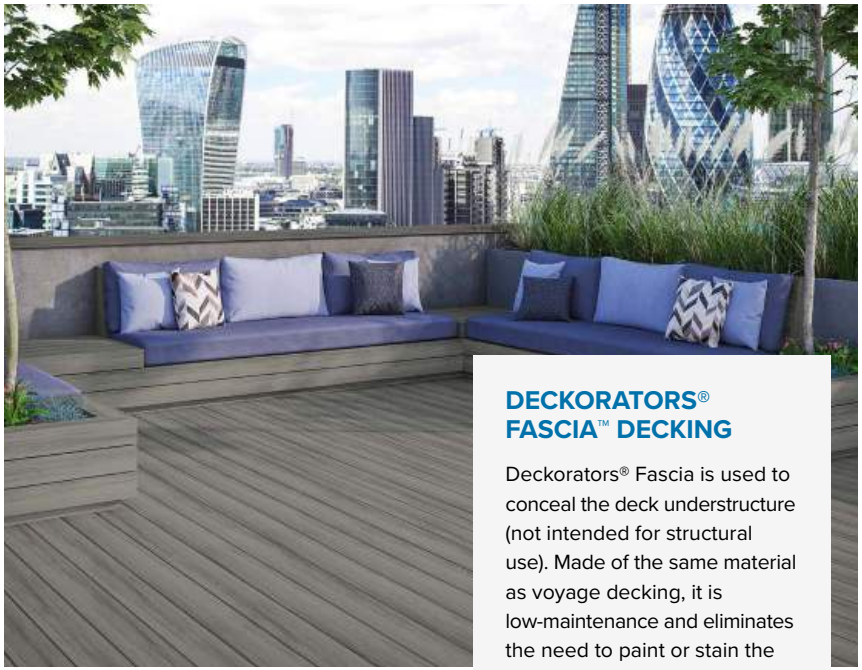

- **Revolutionary Eovations™ mineral-based technology**
- **Exceptional stain and fade-resistant cap material**
- **Available in two widths**

DECKORATORS® FASCIA™ DECKING

DECKORATORS® FASCIA™ DECKING

Deckorators® Fascia is used to conceal the deck understructure (not intended for structural use). Made of the same material as voyage decking, it is low-maintenance and eliminates the need to paint or stain the wood understructure.

- **Co-extruded mineral composite boards**
- **Durable polyethylene top-layer**
- **Available in two colours**

Code	Size (mm)	Colour
VOYAGE-FAS-285KH	285 x 10 x 3660	Khaya
VOYAGE-FAS-285SI	285 x 10 x 3660	Sierra
